GETTING YOU THERE...WITH LOVE

Let's Get Organized is the Professional Organizing and Relocation Management service for Baby Boomers, Seniors, and peers in Northern New Jersey. Specializing in organizing and managing interstate moves, home renovations, and helping seniors downsize, we remove the stress and headaches of major life transitions.

Park Ridge resident **Gayle Gruenberg**, started the company in 2003 after deciding that her career as an accountant was not fulfilling. She then became a Professional Organizer, and has been the president of the Northern New Jersey branch of the National Association of Professional Organizers since 2005. Gruenberg works throughout the entire Bergen County area as well as Rockland County.

Whether you need an organizer, a financial manager, a concierge, a lifestyle consultant, or a construction professional, **Let's Get Organized** is your go-to source. Gruenberg and her team will treat you like a member of the family, encouraging and motivating you to maintain your organizing success, keeping you from becoming overwhelmed and stressed, helping you stay financially solvent, and making sure your project exceeds your expectations.

Gruenberg is hosting a free talk on Thursday, Jan. 8 at the River Edge Public Library, located at 685 Elm Avenue in River Edge. This free, interactive discussion begins at 7:30 p.m.
